

International Health Management, MIHM

Student Handbook
2022-2023 Catalog

ASU Charter

ASU is a comprehensive public research university, measured not by whom we exclude, but rather by whom we include and how they succeed; advancing research and discovery of public value; and assuming fundamental responsibility for the economic, social, cultural and overall health of the communities it serves.

Justice, Equity, Diversity and Inclusion at the College of Health Solutions

At the College of Health Solutions, we are focused on improving the health of the communities we serve. Every student, every faculty and staff member, every individual and community member should have the opportunity for better health throughout their lifespan. To improve health, we must embrace and support greater diversity, equity and inclusivity in everything we do, including teaching, research and service. We are committed to doing better. You are welcome at the College of Health Solutions, and this is what you can expect from us.

Commitments to Justice, Equity, Diversity and Inclusion

We create leaders who advance the principles of justice, diversity, equity and inclusion, shaping a future in which all community members can fully realize their potential.

We embed diversity, equity and inclusion as a transformational force in every aspect of our teaching, research and service as we work to address the challenges facing people and communities to stay healthy, improve their health and manage chronic disease.

We believe that diversity and inclusion are essential for excellence and innovation, and thus it is stated in our college values: We maximize opportunities for people of diverse backgrounds, abilities and perspectives.

We support underrepresented and historically marginalized groups and will not tolerate discrimination or hate of any kind.

Introduction

Welcome

This handbook is a guide and initial resource for graduate students admitted to the Master of International Health Management (MIHM) program. Students are also encouraged to consult with support staff within the College of Health Solutions. The primary reference for graduate students on rules and regulations is the Arizona State University Graduate College [website](#) and [manual](#).

Once admitted to the MIHM graduate program, students have access to the MIHM Graduate Student Canvas organization, where they will be able to find many of the materials in this handbook. Admitted students can access the site through their [MyASU](#).

Graduate Education requirements define the basic policies for obtaining a degree from ASU; these policies can be found on the ASU Graduate College [website](#). MIHM has several additional requirements, beyond the standard ASU policies identified in this handbook.

Vision and mission

To advance the core principles of the PLoS Alliance by developing transdisciplinary approaches to tackling global challenges and generating social impact in health and health care.

Program overview

This international health degree emphasizes important managerial concepts in health care, such as health care finance and economics, patient safety and more. Students work with highly regarded faculty from two global research universities, and explore diverse approaches to health system management and health care problem-solving in an international environment. Students in the program can also build global awareness and cultural competence.

In the program, students can develop insights into both private and public health systems, providing a more comprehensive understanding of how these institutions operate around the world. Leading educators in the program bring to the classroom their experiences in clinical practice, policymaking, economic analysis and more.

PLoS alliance

The Master of International Health Management advances the core principles of the PLoS Alliance by developing solutions to global challenges and generating social impact in health and health care. This graduate degree program is offered by Arizona State University in partnership with the University of New South Wales in Sydney, Australia. It offers a fully integrated online program taught across both the privatized and public health care systems – ideal for those seeking a career in international health systems management. All students will complete core coursework in health care management and finance and comparative health systems, then select a four-course track focusing on health informatics, quality improvement in health care, health economics, or hospital management. Four elective courses further strengthen skills in these tracks, or in disciplinary areas of student interest. Finally, students complete a capstone at the end of the degree program to demonstrate mastery of concepts.

Students are highly encouraged to review the [PLoS Alliance Orientation](#). This orientation contains valuable information that will help students succeed and be prepared for their UNSW courses.

Program contacts

Program co-directors: Kristen Will, kkwill@asu.edu

Swapna Reddy, swapna.reddy@asu.edu

Graduate support coordinator: Erica Hallum, chsgrad@asu.edu

Program faculty:

ASU Faculty	
Bradley Doebbeling, MD, MS	Professor
Jack Gilbert, PhD	Clinical Professor

Ramesh Walpola, PhD	Lecturer

Admission

Admission to the International Health Management, MIHM is available for Fall, Spring, and Summer terms. Deadlines to apply can be found [here](#). Applications will be reviewed by the admissions committee only once all materials have been received. Application status can be monitored in MyASU. Official admission decisions will be emailed to the student.

Quick Facts:

- Location: Online
- Start terms: Fall, Spring, Summer
- Time to completion: 18 to 24 months

Graduate admission requirements

ASU maintains minimum standards for consideration for admission to graduate programs. The program may establish requirements in excess of those established by the university.

- An earned bachelor's degree or higher from a regionally accredited institution in the U.S., or the equivalent of a U.S. bachelor's degree from an international institution officially recognized by that country.
- A minimum grade point average of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of undergraduate coursework is required to be considered for admission to an ASU graduate degree program.
- International applicants must provide proof of English proficiency. The following are accepted to meet this requirement
 - Test of English as a Foreign Language (TOEFL): score of at least 550 (PBT) or 80 (iBT). ASU's institutional code is 4007. Only electronic copies of scores are accepted.
 - International English Language Testing System (IELTS): overall band score of at least 6.5. No institutional code is needed.
 - Pearson Test of English (PTE): score of at least 60.
 - Individual academic units or programs may have higher requirements for English proficiency

Academic program requirements

In addition to the graduate admission requirements, the program requires the following as part of the application:

Undergraduate or graduate degrees – bachelor's degree or equivalent or master's degree from a regionally accredited college or university in a related field such as biology, chemistry, biochemistry, nursing, public health, pharmacy, biomedical informatics, social work, premed, pre-health, nutrition, health promotion or others

Personal statement or letter of intent – explain how the applicant plans to contribute to the health care system after the degree is obtained, how the program will help the applicant achieve their goals, what the applicant's career aspirations are, and what interested the applicant in this degree program.

Three letters of recommendation – from either academic or professional sources; letters demonstrating involvement in health care, community service or leadership are encouraged.

Resume – that includes relevant personal, professional, educational and community activities (one to two pages).

Provisional acceptance guidelines

In some instances, a student may be admitted provisionally and/or with a deficiency. Students should refer to the official admission letter sent by the Graduate College via MyASU to determine if they have been admitted with a provision and/or deficiency.

A provisional admission requires a student to maintain a 3.0 or higher GPA within a specified timeframe. If the 3.0 is not achieved by the end of the timeframe specified on the official admission letter, the student will be automatically dismissed from the degree program.

A deficiency requires a student to fulfill a competency area within a given timeframe. The academic program will monitor students with deficiencies. If a deficiency is not completed within the timeframe indicated on the official admission letter, the student may be recommended for dismissal from the academic program.

Pre-admission credit policy

Credit hours completed at ASU or at another regionally accredited U.S. institution or international institution officially recognized by that country, before the semester and year of admission to an ASU graduate degree program, are considered pre-admission credits. With the approval of the academic unit and the Graduate College, students may include a maximum of 12 graduate-level credit hours with grades of “B” or better that were not used toward a previous degree. Preadmission credits must have been taken within three years of admission to the ASU degree or certificate program to be accepted. Official transcripts must be sent to Graduate Admission Services from the records office of the institution where the credits were earned.

Tuition and assistance

Tuition and fees

Tuition is set by ASU and the Arizona Board of Regents each year. View the general [Tuition and Fees Schedule](#), or calculate a more specific estimate of charges using the [ASU Tuition Estimator](#). Information on residency requirements can be found at [Residency for Tuition Purposes](#).

The International Health Management, MIHM has a program fee of \$272 per credit.

Financial assistance

Financial assistance is available through a variety of sources, including:

- College of Health Solutions [scholarships](#)
- Graduate College [fellowships](#)
- Traditional financial aid (loans and grants). Visit the [Financial Aid website](#).
- [National Science Foundation Graduate Research Fellowship Program](#)
- [National Institutes of Health Grants](#)
- National Research Service Award (NRSA) [Research Training Grants and Fellowships](#)

Curriculum and graduation requirements

Program requirements

The International Health Management, MIHM is comprised of 30 credits, including a capstone.

Required Core (6 credits)

- HCD 532 Health Care Management and Finance (3) [ASU]
- HCD 537 (PHCM 9471) Comparative Health Care Systems (3) [UNSW]

Track Courses (12 credits)

- Health Economics
 - HCD 502 Health Care Systems and Design (3) [ASU]
 - HCD 511 Health Economics, Policy, and Payment Models (3) [ASU]
 - HCD 517 (PHCM 9440) Economic Evaluation in Health Care (3) [UNSW]
 - HCD 527 (PHCM 9411) Health Care Economics and Financial Management (3) [UNSW]
- Health Informatics
 - BMI 515 Applied Biostatistics in Medicine and Informatics (3) [ASU]
 - BMI 603 Health Informatics Database Modeling and Applications (3) [ASU]
 - HCD 502 Health Care Systems and Design (3) [ASU]
 - HCD 602 Health Informatics for Future Health Care Professionals (3) [ASU]
- Hospital Management
 - HCD 510 High-Value Patient-Centered Care (3) [ASU]
 - HCD 527 (PHCM 9411) Health Care Economics and Financial Management (3) [UNSW]
 - HCD 547 (PHCM9701) Health Leadership and Workforce Management (3) [UNSW]
 - HCD 570 Process Engineering (3) [ASU]
- Quality Improvement in Health Care
 - HCD 510 High-Value Patient-Centered Care (3) [ASU]
 - HCD 547 (PHCM9701) Health Leadership and Workforce Management (3) [UNSW]
 - HCD 557 (PHCM 9748) Clinical Governance and Risk Management (3) [UNSW]
 - HCD 570 Process Engineering (3) [ASU]

Electives (9 credits)

- ASU Electives
 - BMI 601 Fundamentals of Health Informatics
 - BMI 603 Health Informatics Database Modeling and Applications
 - HCD 501 Biostatistics and Data Management
 - HCD 502 Health Care Systems and Design
 - HCD 510 High-Value Patient-Centered Care
 - HCD 511 Health Economics, Policy, and Payment Models
 - HCD 520 Population Health
 - HCD 521 Law and Health Promotion
 - HCD 540 Process Engineering for Health Care Quality and Safety
 - HCD 570 Process Engineering
 - HCD 575 Leadership and Professionalism
 - HCD 602 Health Informatics for Future Health Care Professionals

- HCI 538 Innovation and the Individual
- UNSW Electives
 - HCD 517 (PHCM 9440) Economic Evaluation in Health Care
 - HCD 527 (PHCM 9411) Health Care Economics and Financial Management
 - HCD 557 (PHCM 9748) Clinical Governance and Risk Management
 - HCD 567 (PHCM 9782) Infectious Diseases Challenges: Epidemiology and Control
 - HCD 577 (PHCM 9787) Infection Prevention in Healthcare
 - HCD 587 (PHCM 9788) Outbreak Investigation & Intelligence
 - HCD 598 (PHCM 9606) Reproductive, Maternal and Children's Health
 - CPP 583 (PHCM 9662) Health Aspects of Crises, Emergencies and Disasters
 - CPP 591 (PHCM 9605) Seminar: International Health I
 - CPP 591 (PHCM 9788) Seminar: Outbreak Investigation I

Research (2 credits)

- HCD 592 Research: Part One (1) [ASU]
- HCD 592 Research: Part Two (1) [ASU]

Culminating Experience (1 credit)

- HCD 550 Capstone (1) [ASU]

*Note: Courses may count in either the track area or the electives area, **not both**.*

No 400-level coursework may be used toward the requirements of this program.

Capstone – The capstone experience is comprised of 3 sequential courses, HCD 592 Research: *Part One*, HCD 592 Research: *Part Two*, and HCD 550 *Capstone*. The outline below provides an overview of each component. Additional requirements are outlined within the syllabus for each course. A grade of B or higher is required in HCD 550.

HCD 592 Research: Part One

- Selecting a project topic
- Approval of project
- CITI Training
- Onboarding with site
- Obtaining IRB approval
- Meeting with site mentor

HCD 592 Research: Part Two

- Research starts
- Submission of Reference List
- Check-in calls with ASU capstone faculty
- Two Progress reports

HCD 550 Capstone

- Research continues
- Complete project & develop final deliverables
 - Final paper

- Poster presentation (strongly encouraged at ASU SHCD Poster Symposium)
- Presentation at site (strongly encouraged)

Application to graduate

Students should [apply for graduation](#) during the semester of planned graduation and must apply no later than the [dates specified](#) on the University Registrar Services website. Students can apply for graduation online through MyASU or in-person through the ASU Graduation Office, located in the [university registrar services locations](#). Students must have an approved iPOS on file before applying for graduation.

Note: Students who complete UNSW courses in their final term should expect a two to three week delay in having their degree conferred. This is additional time is needed for the UNSW term to conclude and final grades to be reported to ASU.

Plan of study

Students are encouraged to follow either an 18-month or 24-month plan of study in order to successfully complete the program in a timely manner. Full-time students take two courses per session, part-time students take one course per session.

Failure to adhere to the plan of study will likely result in delayed graduation; courses are typically offered once a year. Please consult with the graduate support coordinator to discuss any deviation from the prescribed plan of study for the term and session the program was started.

Information on the terms and sessions which courses are offered in is available is [Appendix A](#). Official course offerings at ASU are found in the [Class Search](#) (ensure you select “ASU Online Classes”). UNSW course information, including instructors, can be found [here](#). Students should register for UNSW courses through the ASU Class Search. Students must have PLS Alliance waiver on file in order to enroll in UNSW courses. Contact the graduate support coordinator for assistance. Please note that registering for UNSW courses is a *multi-step* process.

SAMPLE Plan of Study, Fall Start

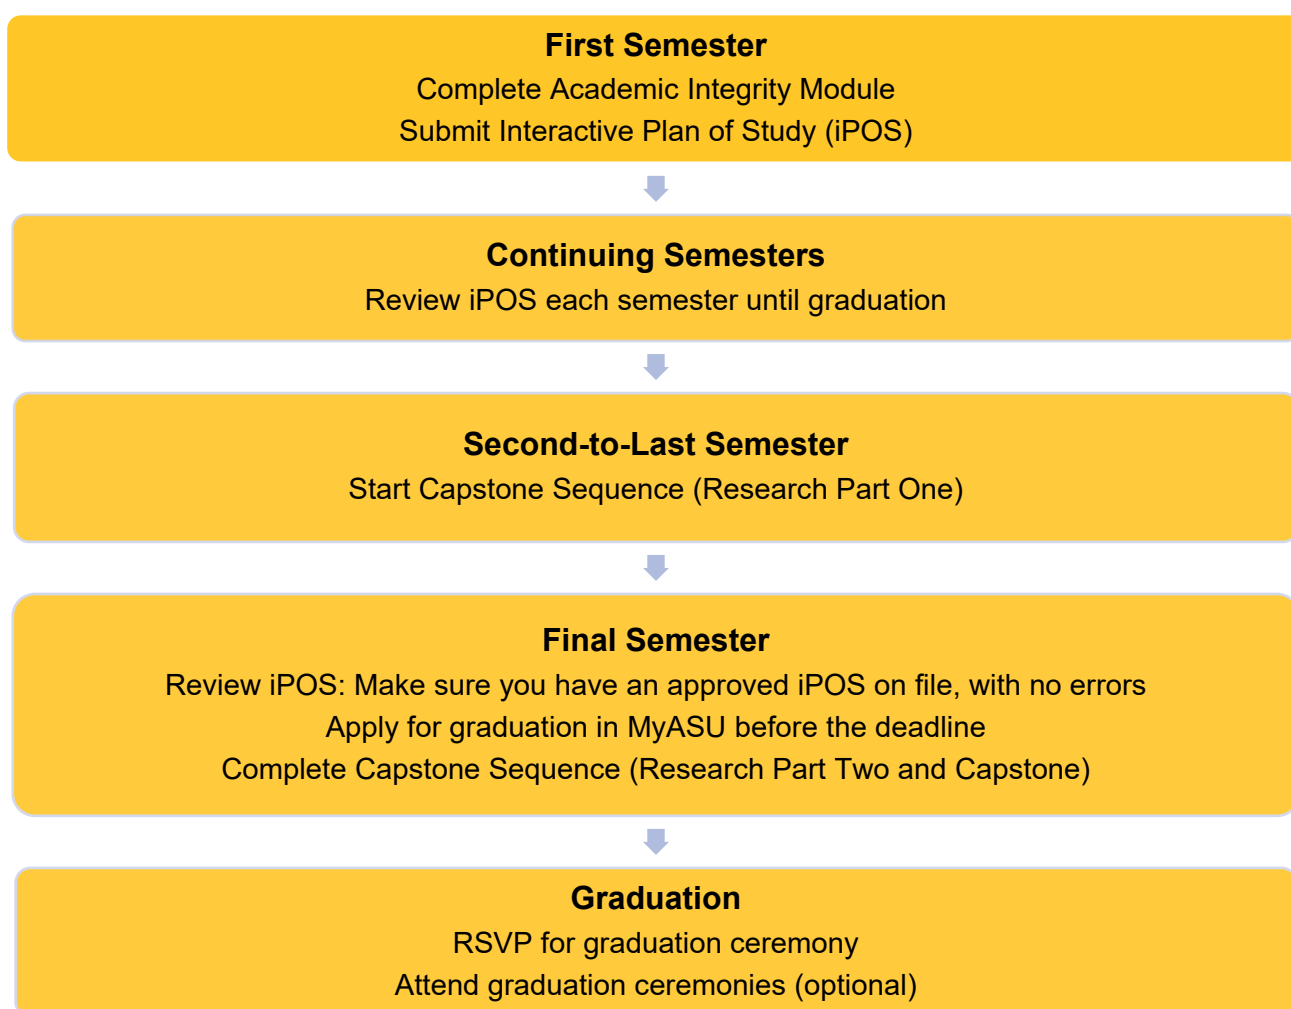

Term/ Session	Course	Credits
Year 1 - Fall	Track Course	3
	Elective	3
	Elective	3
Year 1 - Spring	HCD 532 Health Care Management and Finance	3
	HCD 537 (PHCM 9471) Comparative Health Care Systems	3
	Track Course	3
Year 1 – Summer	HCD 592 Research: Part One	1
	Track Course	3
	Track Course	3
Year 2 – Fall	HCD 592 Research: Part Two (Session A)	1
	HCD 550 Capstone (Session B)	1
	Elective	3

SAMPLE Plan of Study, Spring Start

Term/ Session	Course	Credits
Year 1 - Spring	HCD 532 Health Care Management and Finance	3

	HCD 537 (PHCM 9471) Comparative Health Care Systems	3
	Track Course	3
Year 1 - Summer	Track Course	3
	Track Course	3
Year 2 – Fall	HCD 592 Research: Part One (Session B)	1
	Track Course	3
	Elective	3
Year 2 – Spring	HCD 592 Research: Part Two (Session A)	1
	HCD 550 Capstone (Session B)	1
	Elective	3
	Elective	3

In addition to the required coursework, the steps to complete the International Health Management, MIHM are listed below.

Interactive plan of study (iPOS)

The Interactive Plan of Study, or iPOS, is an agreement between the student, the academic unit, and the Graduate College. The iPOS must be submitted by the time the student has enrolled in 50 percent of the

minimum credit hours required for the degree program, and before completing comprehensive exams, thesis/dissertation. Students are encouraged to submit their iPOS at the beginning of their program. More information on iPOS can be found [here](#).

Faculty advisor/chair: program director

Change of coursework: If a change of coursework is needed, the student must update the courses listed in the iPOS and submit a course change for review. This process is required if you projected a course you did not complete, or if you need to change courses listed. The iPOS will be routed electronically to the graduate support coordinator for review and approval, and then for auditing by the Graduate College.

Specializations and certifications

The College of Health Solutions prepares graduates for excellence upon entering the workplace. Since certification and licensure requirements vary by profession and from state-to-state, we recommend that you visit the [ASU licensure website](#) to determine if your program meets the requirements of individual state licensures or national certifications, as applicable. If you have specific questions, please contact your program director or degree coordinator.

Satisfactory academic progress

All graduate students are expected to make systematic progress toward completion of their graduate program. This progress includes satisfying the conditions listed below, and achieving the benchmarks and requirements set by the individual graduate programs as well as the Graduate College. If a student fails to satisfy the requirements of their program and/or the benchmarks outlined below, the student may be dismissed from their program based on the academic unit's recommendation to the Graduate College at which time the dean of the Graduate College makes the final determination.

Satisfactory academic progress includes:

1. Maintain a minimum 3.00 for all GPAs.
2. Satisfy all requirements of the graduate program.
3. Satisfy the maximum time limit for graduation for the student's graduate program (six years for masters and certificates, ten years for doctoral)
4. Successfully pass comprehensive exams, qualifying exams, foreign language exams, and the oral defense of the proposal/prospectus for the thesis or dissertation.
5. Successfully complete the culminating experience.
6. Graduate students must remain continuously enrolled in their graduate program. Failing to do so without a Graduate College approved Leave of Absence is considered to be lack of academic progress and may result in the Graduate College withdrawing the student from their program.

Additional program progress requirements:

- Complete all coursework with a grade of C or higher. If a student receives a single grade below a C in a course, the course must be re-taken and the student must earn a grade of C or higher on the next attempt.
- Receive no more than two grades lower than a B- on courses that appear on the iPOS.
 - Although C grades are permitted within the MIHM program, the maximum number of courses allowed to appear on the iPOS with grades below B- is two.
 - Students who earn a third grade below B- will be subject to the following actions:

- If the student has a 3.0 GPA, they will be required to retake a course to earn a B- or better
- If the student's GPA drops below 3.0 GPA with the third grade below B-, they will be placed on academic probation and required to retake a course to earn a B- or better
- If the student has a GPA below 3.0 and is on academic probation, they will be recommended for dismissal from the program

GPA and grades

Graduate students must maintain a minimum 3.00 (scale is 4.00 = "A") grade point average (GPA) to maintain satisfactory academic progress and to graduate. The minimum 3.00 GPA must be maintained on all GPA's (Plan of Study (iPOS) GPA, Overall Graduate GPA and Cumulative GPA):

1. The iPOS GPA is calculated on all courses that appear on the student's approved iPOS
2. Cumulative GPA represents all courses completed at ASU during the graduate career.
3. The Overall Graduate GPA is based on all courses numbered 500 or higher that appear on the transcript after admission to a graduate program or graduate non-degree. This includes shared coursework if in an approved accelerated bachelor's/master's program.

Transfer credits and some courses taken in the Sandra Day O'Connor College of Law are not calculated on in the iPOS GPA or the Graduate GPA. Courses lower than a "C" cannot appear on the iPOS but will be included when calculating the Graduate GPA. Courses with an "I" grade (incomplete) or "X" grade (audit) cannot appear on the iPOS.

ASU grade definitions and policies can be found [here](#).

The grading scale with the University of New South Wales is different than that at ASU. Please refer to the scale below for details regarding the grading conversion from UNSW to ASU.

Grade Conversion Scale		
UNSW Numeric Grade	UNSW Definition	ASU Letter Grade
85-100	HD – High Distinction	A
75-84	D – Distinction	A
65-74	D – Credit	B
50-64	P – Pass	C
0-49	FL – Fail	E

The International Health Management, MIHM program requires that no more than two grades below B- can appear on the iPOS for the program. A grade of B or higher is required in HCD 550.

Incomplete grade requests

An incomplete grade request may be considered when the following factors are present:

- The student has been completing acceptable work (grade of "C" or better) and has completed 80% of the course.
- The student is unable to complete the course due to illness or conditions beyond the student's control.
- The student can complete the unfinished work with the same instructor.

Students have up to one calendar year to finish incomplete work. If a student does not complete the missing coursework by the date that is agreed upon on the incomplete request form, the instructor may change the grade to what was earned based on the work completed in the class. If the coursework is not completed after a calendar year, the incomplete becomes permanent. Repeating a class in which an incomplete is awarded will not replace the “I” on the student’s transcript. Students must complete the [incomplete request form](#) and submit it to their instructor for review and processing.

Academic probation and dismissal

Failure to maintain a minimum 3.0 GPA or failure to satisfactorily progress in the program as referenced in this handbook will result in the student being placed on academic probation. Students will be notified of probationary status and expectations for improvement by the program director or graduate support coordinator. Time limits for probationary status may vary. Typically, students have 9 credit hours or one year, whichever comes first, to raise their GPA.

Students who fail to meet requirements or timeline needed to demonstrate satisfactory improvement will be recommended for dismissal from the program. Notice will be provided by the program director and will include procedures for appeal.

Additional reasons for a recommendation for dismissal from the program include:

- Two (or more) separate instances of unsatisfactory academic progress regardless of the session(s) in which the poor performance occurred.
- A single violation of academic integrity. Information on this can be found in the [Student code of conduct and academic integrity](#) section of this handbook.
- Seriously compromising the relations of the program with the public and/or community partners.
- Breaches of ethical judgment or professional responsibility.
- Serious instances of personality or character traits inappropriate for the professional roles for which the student is attempting to prepare.
- Periods of absence during a semester without the endorsement of the program.

Time to completion limit

All work toward a master’s degree must be completed within six consecutive years. Graduate courses taken prior to admission that are included on the Interactive Plan of Study must have been completed within three years of the semester and year of admission to the program. The six-year period begins with the term of admission to the program OR the earliest term of applied pre-admission credit.

Any exception to the time limit policy must be approved by the program director, the College of Health Solutions, the dean of the Graduate College. The Graduate College may withdraw students who are unable to complete all degree requirements and graduate within the allowed maximum time limits.

Appeal and grievance processes

Grade appeal

The final grade appeal process may only be initiated by a student once the course has concluded and a final course grade has been posted to the student’s transcript. Per university policy, grade appeals must be processed in the regular semester immediately following the issuance of the final grade in dispute (by commencement for fall or spring) regardless of whether the student is enrolled at the university.

The process begins with a discussion about the matter between the student and the course instructor. If the matter is unresolved, the student should submit a Grade Appeal Form for further review. If this review does not adequately settle the matter, the student should begin the formal procedure of appealing to the College of Health Solutions Academic Standards and Grievance Committee. More information on all steps of this process can be found [here](#).

Students with concerns about their grade during the term should first consult their instructor. If the issue remains unresolved, students may contact the program director.

Student grievance

Students who wish to file a grievance about a non-grade-related matter may use the established procedure (more information can be found [here](#)). Non-grade-related grievances may include dissatisfaction with an instructor, problems with a classmate or other unresolved situations.

Appealing recommendation for dismissal

1. Students may appeal a decision for dismissal from the program by submitting a letter to the program director.
 - a. The appeal letter must be received within 10 business days of the date of the letter of dismissal. The letter should state the reasons justifying a reversal of the original decision and provide substantive evidence in support of the request.
 - b. Letters received after the 10 business-day interval will not be reviewed and the dismissal will be final.
 - c. The program committee will review all letters of appeal that are received within the 10 business-day time frame. The committee will submit their decision to the program director within 10 business days of receipt of the student's letter.
2. The program director will then notify the Student Success Hub of the decision. The Student Success Hub will inform the student of the decision.
3. If the appeal is denied, the student may appeal to the CHS Academic Standards and Grievances Committee within 10 business days of receiving the denial of the appeal. The CHS Academic Standards and Grievances Committee will review the dismissal and appeal materials and make a recommendation to the dean of the College of Health Solutions. The dean will have 20 calendar days to make a final decision.
4. If at any stage, a timely appeal is not submitted by the student, the program director will recommend dismissal to the Graduate College via the Student Success Hub. The Graduate College will then inform the student of the dismissal by letter.

Student code of conduct and academic integrity

ASU expects and requires its students to act with honesty, integrity, and respect. Required behavior standards are listed in the [ASU Student Code of Conduct and Student Disciplinary Procedures](#), the [ABOR Code of Conduct](#), the [Computer, Internet, and Electronic Communications Policy](#), the [ASU Student Academic Integrity Policy](#), and outlined by the [Office of Student Rights & Responsibilities](#). Violations of a Graduate College, College of Health Solutions, or Arizona State University policy will result in academic review and may consequently result in student disciplinary procedures.

Academic integrity

The [ASU Student Academic Integrity Policy](#) lists violations in detail. These violations fall into five broad areas that include, but are not limited to:

1. Cheating on an academic evaluation or assignment.
2. Plagiarizing.
3. Academic deceit, such as fabricating data or information.
4. Aiding academic integrity policy violations and inappropriately collaborating.
5. Falsifying academic records.

Information on the Academic Integrity procedure within the College of Health Solutions can be found at <https://catalog.asu.edu/policies/chs>.

Newly admitted graduate students will receive a "priority task" on their MyASU directing them to complete a canvas module on academic integrity. The module consists of a PowerPoint that outlines academic integrity and students must take a quiz and pass with an 80% or higher.

Student code of conduct

Violations of the ASU Student Code of Conduct, other than the provision concerning academic dishonesty, are more generally considered inappropriate behavior. The [Office of Student Rights and Responsibilities](#) reviews and sanctions these matters. If a student violates both the academic integrity provision and additional provisions of the Student Code of Conduct, both the college and the Office of Student Rights and Responsibilities will review the matter. Each independently makes determinations concerning violations and appropriate sanctions.

Professional conduct

ASU is a community and a professional work environment. Graduate students are expected to treat their peers, teachers, students, staff, and members of the ASU community with respect and work with them in a professional manner. Graduate students are representatives of their program, the College of Health Solutions, and ASU. Students must demonstrate the requisite qualifications for successful professional performance, including interpersonal skills, basic communication skills, appropriate professional conduct, and satisfactory performance in field experiences.

Graduate students who demonstrate behaviors or characteristics which make success in their related fields questionable will be reviewed by the program committee. The committee's review may result in a recommendation for dismissal from the program or implementation of probational conditions for continued participation. Students may appeal a recommendation for dismissal by following [established procedures](#).

College and university procedures and policies

All policies and procedures outlined in this handbook are in accordance with policy set by the [Graduate College](#) and [Office of the University Provost](#). In some cases, program policies may be more restrictive than those set by Graduate College and Provost.

Continuous enrollment policy

Students must be registered for a minimum of one credit hour during all phases of their graduate education, including the term in which they graduate. This includes periods when students are engaged in research, conducting a doctoral prospectus, working on or defending theses or dissertations, taking comprehensive examinations, taking Graduate Foreign Language Examinations, or in any other way using university resources, facilities or faculty time.

Registration for every fall semester and spring semester is required. Summer registration is required for students taking examinations, completing culminating experiences, conducting a doctoral prospectus, defending theses or dissertations, or graduating from the degree program. More information on this policy can be found [here](#).

Requesting a leave of absence

Graduate students planning to discontinue registration for a semester or more must submit a leave of absence request via their Interactive Plan of Study (iPOS). This request must be submitted and approved **before** the anticipated semester of non-registration. Students may request a maximum of two semesters of leave during their entire program. Students with a Graduate College-approved leave of absence are not required to pay tuition or fees, but in turn are not permitted to place any demands on university faculty or use any university resources. These resources include university libraries, laboratories, recreation facilities or faculty and staff time. More information on this policy can be found [here](#).

Registration policies

Students are strongly encouraged to enroll in courses well in advance of the start of the term. Enrollment must be complete by the Add/Drop deadline for the session in which the class is offered. Courses that are dropped by the Add/Drop deadline will not appear on a student's transcript. If a course is removed from a student's schedule after this deadline, it will be considered a withdrawal and a grade of "W" will be recorded. Term dates and deadlines, including the Add/Drop, Tuition Refund, Course Withdrawal, and Session Withdrawal deadlines, can be found on the [Academic Calendar](#).

Discrimination, harassment, and retaliation

Title IX of the Education Amendments of 1972 is a federal law which provides that no person be excluded on the basis of sex from participation in, be denied benefits of, or be subjected to discrimination under any education program or activity. Both Title IX and university policy [ACD 401](#) make clear that sexual violence and harassment based on sex is prohibited. An individual who believes they have been subjected to sexual violence or harassed on the basis of sex can seek support, including counseling and academic support, from the university. For information on resources, visit the sexual violence awareness, prevention, and response [website](#).

Student support resources

Academic program support

Once admitted students will gain access to a Canvas organization for the program. Canvas houses program resources and allows for timely announcements and opportunities to be communicated to students.

Graduate students in the College Health Solutions have access to the [Graduate Student website](#), which houses college resources and advising information.

University resources

- [Graduate College](#)
- [Office of the University Provost](#)

Academic and career support

- [ASU Libraries](#)
- [Graduate Writing Center](#)
- [Career and Professional Development Services](#)
- [Handshake](#)
- [Graduate and Professional Student Association](#)
- [Student Clubs and Organizations](#)

Business and finance services

- [Financial Aid and Scholarship Services](#) (financial aid)
- [Student Business Services](#) (tuition, fees, and payments)
- [Parking and Transit Services](#) (permits, shuttles, public transit)
- [Sun Devil Card Services](#) (ID cards)
- [University Technology Office](#) (technology assistance)
- [Sun Devil Dining](#) (meal plans, M&G, hours)

Counseling services

ASU Counseling Services provides confidential, time-limited counseling and crisis services for students experiencing emotional concerns or other factors that affect their ability to achieve their goals. Support is available 24/7.

In-person counseling: Monday-Friday 8 a.m. – 5 p.m.

ASU Counseling Services, Student Services Building 234 Tempe, AZ 85287

480-965-6146

After-hours/weekends

Call EMPACT's 24-hour ASU-dedicated crisis hotline:

480-921-1006

For life threatening emergencies

Call 911

Disability accommodations

Reasonable accommodations are determined on a case-by-case, course-by-course basis to mitigate barriers experienced due to a disability ([SSM 701-02](#)). Students with disabilities who require accommodations must register with the [Student Accessibility and Inclusive Learning Services](#) and submit appropriate documentation. It is recommended students complete this process at the beginning of the term and communicate as appropriate with their instructor.

- Email: Student.Accessibility@asu.edu
- Phone: (480) 965-1234
- FAX: (480) 965-0441

Pregnancy: Students requesting services due to pregnancy ([SSM 701-10](#)) should be prepared to submit documentation regarding the pregnancy, any complications and clearance to return to school related activities. Student Accessibility can work with students to foster continued participation in a program, whether that be with academic accommodations such as absences or assistance requesting a leave, or through other requested accommodations.

Health and fitness

All ASU students enrolled in in-person programs have access to Sun Devil Fitness facilities on all campuses. For more information about facilities, membership and group fitness classes, please visit: <https://fitness.asu.edu>

For information about health insurance and appointments with care providers, please see the ASU Health Services website: <https://eoss.asu.edu/health>

International students

ASU's International Student and Scholars Center can provide support and answers to questions about visas, employment, scholarships and travel. To find more information or schedule an appointment with an ISSC adviser, visit the website: <https://issc.asu.edu/>

Veterans and military

The Pat Tillman Veterans Center provides guidance and support for students who are veterans, active-duty military or military dependents. For more information, please call the office at 602 496-0152 or visit: <https://veterans.asu.edu/>

Appendix

A: Course offering schedule

Note: Subject to change, always check posted schedule

Required courses

Course	Term/Session offered
HCD 532 Health Care Management and Finance (3)	Spring B
HCD 537 (PHCM 9471) Comparative Health Care Systems (3)	Spring DYN (Feb-May)
HCD 550 Capstone (1)	Fall A/B, Spring A/B, Summer C
HCD 592 Research: Part One (1)	Fall A/B, Spring A/B, Summer C
HCD 592 Research: Part Two (1)	Fall A/B, Spring A/B, Summer C

Track and elective courses

Course	Term/Session offered
Health Economics Track	
HCD 502 Health Care Systems and Design (3) [ASU]	Summer C
HCD 511 Health Economics, Policy, and Payment Models (3) [ASU]	Fall B
HCD 517 (PHCM 9440) Economic Evaluation in Health Care (3) [UNSW]	Fall DYN (Sept-Dec)
HCD 527 (PHCM 9411) Health Care Economics and Financial Management (3) [UNSW]	Spring DYN (Feb-May)
Health Informatics Track	
BMI 515 Applied Biostatistics in Medicine and Informatics (3) [ASU]	Spring A
BMI 601 Fundamentals of Health Informatics (3) [ASU]	Fall A
BMI 603 Health Informatics Database Modeling and Applications (3) [ASU]	Fall B
HCD 502 Health Care Systems and Design (3) [ASU]	Summer C
Hospital Management Track	
HCD 510 High-Value Patient-Centered Care (3) [ASU]	Summer C
HCD 527 (PHCM 9411) Health Care Economics and Financial Management (3) [UNSW]	Spring DYN (Feb-May)
HCD 547 (PHCM9701) Health Leadership and Workforce Management (3) [UNSW]	Summer DYN (May-Aug)
HCD 570 Process Engineering (3) [ASU]	Spring B
Quality Improvement in Health Care	
HCD 510 High-Value Patient-Centered Care (3) [ASU]	Summer C
HCD 547 (PHCM9701) Health Leadership and Workforce Management (3) [UNSW]	Summer DYN (May-Aug)
HCD 557 (PHCM 9748) Clinical Governance and Risk Management (3) [UNSW]	Fall DYN (Sept-Dec)

HCD 570 Process Engineering (3) [ASU]	Spring B
ASU Electives	
BMI 601 Fundamentals of Health Informatics	Fall A
BMI 603 Health Informatics Database Modeling and Applications	Fall B
HCD 501 Biostatistics and Data Management	Spring A
HCD 502 Health Care Systems and Design	Summer C
HCD 510 High-Value Patient-Centered Care	Summer C
HCD 511 Health Economics, Policy, and Payment Models	Fall B
HCD 520 Population Health	Fall B
HCD 521 Law and Health Promotion	Spring A
HCD 540 Process Engineering for Health Care Quality and Safety	Spring A
HCD 570 Process Engineering	Spring B
HCD 575 Leadership and Professionalism	Fall A, Spring A
HCD 602 Health Informatics for Future Health Care Professionals	Fall A
HCI 538 Innovation and the Individual	Fall A, Spring A, Summer A
UNSW Electives	
HCD 517 (PHCM 9440) Economic Evaluation in Health Care	Fall DYN (Sept-Dec)
HCD 527 (PHCM 9411) Health Care Economics and Financial Management	Spring DYN (Feb-May)
HCD 547 (PHCM9701) Health Leadership and Workforce Management (3) [UNSW]	Summer DYN (May-Aug)
HCD 557 (PHCM 9748) Clinical Governance and Risk Management	Fall DYN (Sept-Dec)
HCD 567 (PHCM 9782) Infectious Diseases Challenges: Epidemiology and Control	Spring DYN (Feb-May)
HCD 577 (PHCM 9787) Infection Prevention in Healthcare	Spring DYN (Feb-May)
HCD 587 (PHCM 9788) Outbreak Investigation & Intel	Fall DYN (Sept-Dec)
HCD 598 (PHCM 9606) Reproductive, Maternal and Children's Health	Fall DYN (Sept-Dec)
CPP 591 (PHCM 9788) Bioterrorism and Health Intelligence	Fall DYN (Sept-Dec)
CPP 583 (PHCM 9662) Health Aspects of Crises, Emergencies and Disasters	Summer DYN (May-Aug) for 1.5 cr., Fall DYN (Aug) for 1.5 cr.
CPP 591 (PHCM 9788) Seminar: Outbreak Investigation I	Fall DYN (Sept-Dec)
